**Mile High Seat Belt Challenge
Student Seat Belt Observation**

Seat Belt Observation Guidelines:

Seat belt observations should be unannounced and undetected.
Pre & Post campaign observations should be conducted at the same spot and time.

School:

You will need to contact your observation partner to establish a time and location to meet.
Contact the school (principal or designee) and agree which parking lot will be observed.
On observation day, check in at school office prior to going to parking lot.

Observers: (Do not wear a uniform for the observation, but bring your name badge for ID)

Volunteers will work in teams of 2, one will observe and the other will record.
Observe and document the driver, front seat passenger, and all back seat passengers.
Observe the driver as adult or student, and **only other student passengers** in the car.

Seat Belt Observation Surveys:

Observe the shoulder belt in the car to determine if occupant is restrained.
Simply mark YES if the driver/student is wearing the shoulder belt and NO if not.
Identify all seating positions.
We have added a column for commenting on driver distractions; use the comment section for additional information noted.

Materials:

Clipboards
Pencils / Pen
Observation forms
Appropriate clothing – (No Uniforms Please- we want to be as inconspicuous as possible)

Contact Information

Observer # 1: _____ Affiliation: _____

Phone: _____ Email: _____

Observer # 2: _____ Affiliation _____

Phone: _____ Email: _____

Return the forms to **Phyllis Uribe (fax 303-788-6928)** when the observation is complete. Maintain a copy until you have confirmation it was received.

THANK YOU, for your help in the campaign seat belt use observation.
