Final Project Information

Grant/Project Name: Mile-High RETAC Teen Driver Grant
Priority: Driver Education
Grant Amount: $15,000
Grant Amount Spent $15,000 plus $1,486 from Mile-High RETAC

Grant Recap

-The grant was awarded in January 2025.
-The Mile-High RETAC Save a Life Committee sent out flyers to local schools, churches and communities notifying everyone of the scholarships available for teens.
-There were six members of the Save a Life Committee that reviewed the grants and provided scores. Applicants that scored 10 or more out of 15 received the scholarships.
-There were 30 applicants from ages 14 and 9 months to 18. Driving schools will accept students just shy of 15 years of age.
-Three students withdrew their applications for various reasons.
- A total of 27 students received funding for driving school. All the students have completed their training or are in process.

Evaluation and Outcomes

The program and outcomes are evaluated by the number of applicants and the number that received scholarships. This was a highly successful project. 27 students received driver education as part of the MHRETAC injury prevention program and this grant opportunity. Most of the students are from single parent households, and many were low income. A few were refugees or immigrants. The students expressed the desire to

help the household to make errands and not ask for a parent to take them to work and school.

Testimonials

The following is a sample of the significant work accomplished through this grant.

-Thank you so much for your help getting the school scholarship for Layla- April
-Thank you for all your help- this has helped our family- Tom
